

Legend

* - Higher Disease Resistance

** - On own root stock

CL – Climbing roses have long canes and can be trained along a trellis or wall. Variable flower size, form and habit.

DA – David Austin Roses are bred from old rose varieties and repeat-flowering modern roses

FL – Floribunda roses have clusters of medium sized flowers on medium length stems. Flowers spring to frost.

GR – Grandiflora roses have clusters of long-stemmed elegantly shaped large blooms, a blend of hybrid teas & floribundas.

HT – Hybrid Tea roses have long elegant stems with one large flower per stem.

SH – Shrub roses are easy to grow, shrubby (4-10 ft.), repeat bloomers. Needs little pruning.

FO – Foetida roses are cold hardy and grown as a shrub.

RU – Rugosa roses are hardy, disease resistant, free flowering, vigorous and grown on its own roots.
